

Arginine-500 Capsules with B vitamins

Nutrition supplement

Good to know:

Arginine belongs to the 20 amino acids that contribute to development of proteins. From a nutritional science point of view, arginine is now classified as an essential and therefore indispensable amino acid. The vitamins B6, B12 and folic acid give extra support. Vitamins B6 and B12 contribute towards the development of red blood cells. Folic acid has a role to play in cell division and contributes towards synthesis of amino acids and normal production of blood.

Ingredients:

L-Arginine (77 %), Gelatin, Calcium Carbonate (filler), Magnesium Stearate (separating agent), Corn Starch (bulking agent), Vitamin B6-Hydrochloride, Folic Acid, Vitamin B12.

Each Herbafit Arginine-500 capsule with B vitamins contains 500 mg pure L-Arginine.

Recommended use:

Swallow 2-3 capsules twice per day with sufficient liquid. Should your medication include drugs influencing blood clotting please coordinate the intake of Arginine-500 Capsules with B vitamins with your doctor.

	per capsule	per daily dose (=6 capsules)	% of the recommended daily dose according to NRV*	per 100 g capsules
