

Hyaluronic Acid Capsules 500 mg

Nutrition supplement

Good to know:

Hyaluronic acid is a so-called glycosaminoglycan, i.e. a natural, biological macromolecule. It is mainly because of its ability to bind relatively large amounts of water to itself (up to six litres of water per gram) that hyaluronic acid has become well known - and popular. It is therefore often used in cosmetic products, but also to supplement food.

Vitamin C contributes towards normal production of collagen, and therefore the normal, healthy function of bones, cartilage and skin.

Ingredients:

Hyaluronic Acid (77 %), Gelatin, Vitamin C, Rice Bran Extract (separating agent), Microcrystalline Cellulose (bulking agent).

Each capsule contains 40 mg vitamin C and 500 mg pure hyaluronic acid gained from fermentation of yeast extract.

	per capsule (=daily dose)	% of NRV recommended daily dose*	per 100 g capsules
Hyaluronic acid	500 mg	**	77 g
Vitamin C	40 mg	50	6 g

*NRV = Nutrient Reference Value for daily consumption according to Regulation (EU) No. 1169/2011

**no reference value available yet

Recommended use:

Swallow 1 capsule per day with sufficient liquid.

Keep out of direct sunlight. Store dry and not above 25°C.

Food supplements should not be used as a substitute for a varied and balanced diet and do not replace a healthy lifestyle. Keep out of the reach of young children. The recommended daily dose should not be exceeded.

Contents 90 capsules = 57 g

Art. No. 9322
