

## A-Z Capsules 50+

Food supplement with a multivitamin-mineral substance complex

### Useful information:

As we age, our bodies require fewer calories, but our requirements on vitamins, mineral substances and trace elements do not necessarily reduce. In fact, in the case of certain vitamins and mineral substances, a higher daily intake is recommended. A-Z Capsules 50+ take into account the changed requirements in vital substances at a more mature age in order to create a good basis for the preservation of your health and your well-being. The trace element chrome contributes towards the normal metabolic rate of macronutrients, for example, and also helps maintain a normal blood sugar level.

**Ingredients:** Calcium Carbonate, Magnesium Oxide, Vitamin C, Gelatine, Potassium Chloride, bulking Maltodextrin (bulking agent), Niacin, Vitamin E-Acetate, Ferrous Sulphate, Magnesium Stearate (separating agent), Vitamin A Acetate, Calcium-D-Pantothenate, Zinc Oxide, Vitamin B6-Hydrochloride, Vitamin B1-Mononitrate, Vitamin B2, Copper Oxide, Chromium Chloride, Folic Acid, Biotin, Potassium Iodide, Sodium Selenite, Ammonium Molybdate, Vitamin K1, Vitamin D3, Vitamin B12.
