

Ubiquinol 200 mg Q10 bioactive capsules

Food supplement

Good to know:

Before the body can utilize the coenzyme Q10 it has to be transferred into ubiquinol which is the bioactive form of coenzyme. By supplying the body directly with ubiquinol the conversion process becomes redundant. Ubiquinol - the activated Q10 - is immediately available to the organism.

Each capsule contains 200 mg Ubiquinol (Kaneka QH™, activated form of CoQ10).

	per capsule (= daily dosage)	per 100 g capsules
Ubiquinol	200 mg	17 g

No Nutrient reference value for the daily intake according to VO (EU) No. 1169/2011 has yet been established.

Ingredients:

filler **Soya Oil**, Ubiquinol (17 %), Gelatin, humectant Glycerin, emulsifier **Soya Lecithin**, thickening agent Silicon Dioxide, colorant Iron Oxide.

Recommended use:

Take 1 capsule daily (preferably in the morning) with sufficient liquid.
