

Nattokinase Capsules

Nutritional supplement with fermented soybean extract

Useful information: Nattokinase is an enzyme that is carefully isolated and purified from fermented soybeans. Its remarkable activity in the human body has already been mentioned in numerous studies. Each Herbafit Nattokinase Capsule contains 100 mg fermented soybean extract with 2,000 fibrinolytic units (FU) of nattokinase. You should only take one capsule per day, this is why Herbafit Nattokinase Capsules last for four months!

Ingredients: Filler microcrystalline cellulose, fermented **soybean extract** with nattokinase (20 %), gelatine, anti-caking agent silicon dioxide, magnesium stearate.

	per capsule (= daily dose)
Fermented soybean extract	100 mg
Nattokinase	2,000 FU*

*FU = Fibrinolytic unit

Nutrient Reference Value for daily consumption according to Regulation (EU) No. 1169/2011 not yet available.

Recommended use: Swallow 1 capsule whole 1 x daily with plenty of liquid.

Not suitable for pregnant and breastfeeding women and persons below the age of 18 years.

When taking medicines at the same time, Herbafit Nattokinase Capsules should only be taken under medical supervision. If you are taking the capsules before surgery, inform your doctor in good time.

Keep dry and out of direct sunlight. Store below 25°C. Nutritional supplements should not be used as a replacement for a balanced, varied diet, and do not replace a healthy lifestyle. Keep out of reach of young children. Do not exceed the recommended daily dose.

Contents 120 capsules = 47 g
