

Vein Gel

Refreshes and vitalises the legs

A wonderful boon for tired, heavy legs. The light gel contains activating extracts of the horse chestnut, butcher's broom, centella asiatica, red vine leaves, ivy, buckwheat and rutoside. The exquisite ingredients care legs with spider veins and varicose veins. Herbafit Vein Gel refreshes and vitalises in no time and takes away the feeling of heavy legs.

Application:

Apply Herbafit Vein Gel thin and massage in gently, preferably from the foot to the upper leg.
