

Vitamin B Complex forte Capsules

Nutritional supplement

Good to know:

The vitamins of the so-called vitamin B complex play an important role for a healthy organism. All B vitamins form a group that fulfil their metabolism tasks together. Because the body cannot produce them itself and cannot store very much, they should be added in sufficient quantity with nutrition.

Vitamin B Complex forte

- Vitamin B1, B2, B6, B12 for a healthy nervous system and normal psychic function
- Vitamin B2, B6, B12, niacin, folate, pantothenic acid towards the reduction of tiredness and fatigue
- Vitamin B2 for the retention of good eyesight
- Biotin for the retention of normal hair, skin and mucous membranes

Ingredients: Gelatin, Calcium-D-Pantothenate, Vitamin B2, Vitamin B1-Mononitrate, Niacin, Vitamin B6-Hydrochloride, separating agent Magnesium Stearate, Folic Acid, Vitamin B12, Biotin.
