

Curcuma Capsules

Nutritional supplement with curcuminoids and choline

Good to know:

Curcuma, the turmeric root, contains plenty of secondary colourants and phytochemicals, which are known as curcuminoids. Choline is a valuable biological nutrient that is proven to contribute towards a normal lipometabolism and the maintenance of normal liver function.

Ingredients:

Choline Bitartrate, Extract of Curcuma longa (26 %), Curcuma longa Powder (24 %), Hydroxypropylmethylcellulose, separating agent Magnesium Stearat, bulking agents Microcrystalline Cellulose, Corn Starch.

Each capsule contains 180 mg extract of curcuma longa 170 mg curcuma longa powder as well as 83 mg choline.

	per capsule (=daily dose)	per 100 g capsules
Extract of Curcuma longa	180 mg	26 g
Curcuma longa powder	170 mg	24 g
Curcuminoids	180 mg	26 g
Choline	83 mg	12 g

No nutrient reference value for the daily intake according to VO (EU) No. 1169/2011 has yet been established.

Recommended use:

Swallow 1 capsule per day after a meal with sufficient liquid.

Not suitable for pregnant and breastfeeding women, children and teenagers.

Keep out of direct sunlight. Store dry and not above 25°C.

Food supplements should not be used as a substitute for a varied and balanced diet and do not replace a healthy lifestyle. Keep out of the reach of young children. The recommended daily dose should not be exceeded.
